
Miracle at St. Anthony (book thread)

Posted by CMJ - 2008/09/19 11:55

For basketball lovers, a must read. Really, a must read for any fan of sports books. What Bob Hurley has done at that school the last 30 or so years is pretty mindblowing.

And now a documentary on Hurley and St. Anthony. I can't recommend the book enough, and the film looks to be more of the same(just a few years later, but with the same problems). I'll probably see this.
