
MTSU getting 2 BIG XII transfers

Torin Walker via Oklahoma State & LaRon Dendy via Iowa State. 2 big men that could be a problem for us in the near future. This honestly scares me ..

Walker :

I expect an OSU transfer to UNT next year.

Let's just hope it turns out better than last time we got a kid from Stillwater

Please tell me it's Shaw.

I'd be pretty thrilled about Dowell, but Shaw could be a home run in the SBC.

I'd take a bullet for Shaw or Franklin & I'd let you take one for Dowell. Dowell would be a nice replacement for Josh

Just checked MGH for the first time today. That's a helluva scoop we got here. Any of those 3 kids could be really good for us!

Franklin already got double digit minutes as a Freshman... I didn't figure on him as a possible transfer.

But Shaw barely played, and OSU just brought in a JUCO and a HS power forward, with the HS guy rated as a 94 by ESPN.

Stuck on the bench already, with more heralded talent on the way in. If the guy wants to play, it doesn't look too promising if he stays in Stillwater.

Frankilin probably won't go anywhere , but it's nice to dream

OSU is 1 over the limit for next year so someone will be transferring for sure & I'm with you, give me SHAW !!!
